

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kline's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists at one and one-dollar price.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kline & Co., Birmingham, N. Y.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kline's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

White Hall, the homestead of Gen. Cassius M. Clay, was sold at public auction. The tract, comprising 960 acres, was purchased by Warfield Bennett, a grandson of the old General, for \$83.50 an acre. Another tract was sold to Mrs. Bennett, a daughter of the General.

"Watch The Kidneys" "When they are afflicted, life is in danger," says Dr. Abernethy, the great English physician. Foley's Kidney Cure makes sound kidneys. Sold by Louis Drug Co.

For Sale.

240 acres, one mile from Cornutt station, 9 miles below Louisville. Adjoins Buchanan farm. 200 acres cleared, 60 acres in grass; all in good condition. 2 dwellings, 3 barns, good outbuildings, good fencing, plenty of rail and board timber, good coal vein, some fruit, of most all kinds. 1 pair stock scales, plenty of good water, country road through the farm. Land nice and smooth, not an acre that cannot be cultivated. For further particulars apply to BIG SANDY NEWS, Louisville, or H. H. Cornutt, Kinner Ky.

Broke Into His House S. L. Quinn of Cavendish, Vt., was robbed of his monetary health by invasion of Cholera. When Dr. King's New Life Pills broke into his house, his troubles were arrested, and now he's entirely cured. They're guaranteed to cure, 25c at A. M. Hughes' Drug Store.

When the trust Companies in Baltimore failed early in the week the Secretary of the Treasurer offered to distribute \$1,000,000 to help tide over the situation. He was informed that the assistance was not needed.

A Dozen Times A Night. Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Sold by Louis Drug Co.

Secretary of State Hill says he does not recognize the authority of Chairman Cooper and Secretary Siler, of the Republican Committee of the Eleventh District, to decide that Edward is the nominee for Congress. If the Edwards men attempt to have his name placed on the ballot as an independent candidate Dr. Hunter will probably sue out an injunction. It is not known what will be done yet.

Mrs. Laura S. Webb, Vice-President Women's Democratic Club of Northern Ohio. "I divided the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief the first month, and I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax." Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. When you come to the change of life, Mrs. Webb's letter will mean more to you than it does now. But you may now avoid the suffering she endured. Druggists sell all bottles of Wine of Cardui.

WINE OF CARDUI

The Story of Alfalfa.

Alfalfa has been before the farmers of this country for quite a time now, and yet it is a plant about which is something new to those who are caring for it. It is always arising, and its area of cultivation is constantly increasing.

Alfalfa will not do its best unless the soil is of a kind to make deep rooting easily possible. It therefore is a plant for what would ordinarily be regarded in most parts of the country as comparatively poor soil—soil distinctively light and sandy in character.

Away down into this sort of soil it sends its roots in search of the moisture which they usually find there.

Alfalfa is delicate in its earlier stages; but when once it gets fairly well started it is a match for almost any other at all commonly cultivated plant; and indeed few other such growths, particularly weeds, are able to survive in its association.

Then it is a perennial—it holds for years possession of the ground on which it once becomes well established.

It is good for both pasture and hay; and it is one of the best of all the soil-enrichers. Ground, poor at the outset, gives over to alfalfa more richer, instead of poorer, by it year by year.

Alfalfa grows successfully in most parts of the United States. It is described as a "child of the sun" and as "revealing in heat that would destroy any other species of clover."

With regard to nutritive value, alfalfa is said to be as to this almost identical with red clover. It is a great pork producer and an acre of it has been known to carry as many as twenty hogs throughout the season. Pigs put upon it have gained as much as one hundred pounds each from May to September.

It is among the best of all hay and forage plants now within the reach of the farmer of this country; and there are places on many farms where it would succeed perfectly and on which nothing to be compared to it in serviceableness is now cultivated.

Alfalfa is a plant for every farmer who is not at present acquainted with its value to consider well.

Saves Two From Death. "Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Aramark, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by A. M. Hughes. Trial bottle free.

Lieut. Peary delivered an address in Washington last night, in which he stated that he believed the North Pole could be found in two years at a cost of \$150,000.

Dieting Invites Disease.

To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and is a never failing cure for indigestion, dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet.

Sold by Louis Drug Co., Dr. J. D. Biggs Mgr.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overrated. The poor patient and the rich patient, too, can do much better at home by proper attention to food, digestion, and a regular use of Germ-Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest; and the absence of that weakening cough and the exhausting sleepless nights and the exhaustion due to coughing, the gasping danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles 50c; regular size, 75c.

Nothing is easier than to see others' faults, and nothing harder than to see your own. We always see the ideal which we insist others shall live up to, while naively taking for granted that we have reached it. This unconscious self-righteousness may be consistent with very high motives and a good heart, but it sows seeds in insight. It arises from intuitional narrowness.

To Cure a Cold in One Day Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box 25 cents.

The battleship Missouri attained a speed of 18.7 knots an hour on trial trip, which is the world's record for a vessel of her class.

OUR NEIGHBORS.

David and Thomas Franco and Sylvia Bryant were arrested at Pikeville, Ky., charged with dynamiting a house in West Virginia and injuring several members of a family.

W. J. McKee, who has been conductor on the E. Ky. railway for years, has taken the position in the office of the company formerly filled by Col. Sam Johnson, and Lee Kilgore has taken his run on the road.—Greenup Democrat.

It is cheaper to ride than to walk between Paintsville and Prestonburg. Three opposition back lines are anxious to carry you almost for the asking. Opposition may be the life of trade, but it is doing harm to the operators of the high lines.—Paintsville Herald.

George B. Clay fell on the steps of his business house, in Huntington, a few days ago. At first 'twas thought a very serious fall, but upon examination it was found he had only broken loose the adhesion of some of the splints used in his broken leg, and from so long being unused. While it is quite painful, yet it is really a fortunate thing for Mr. Clay.

A telephone message from Hazel Green, says that J. H. Stamper, a young dentist of that place, and Curtis Lacey, who had been on bad terms for some time, met in the store of J. M. Rose, of that place, and the old trouble was renewed. Stamper was shot in the face and body with a double-barrel shotgun in the hands of Lacey. Stamper emptied his pistol at Lacey, but none of the balls took effect, as he had taken refuge behind the heating stove.

The Ashland Independent has this to say of the death of a Lawrence county man that occurred there last week:

Alfred Ferguson, who was brought here from Ronceverte, W. Va., yesterday morning, and taken to the King's Daughters Hospital, suffering from a bullet wound in his knee, took a turn for the worse last evening and died. Ferguson was shot accidentally. Two men near him were having a quarrel, at Ronceverte, Sunday night, and when one of them fired at the other, the bullet struck Ferguson, inflicting a bad wound in his knee. He did not receive proper medical attention for several hours, with the result that blood poisoning rapidly developed and proved fatal.

The deceased was 30 years of age, and single, and his only relative in this section is a half-brother, John Campbell, of Oliveville, Lawrence county, with whom the deceased made his home.

Since the last issue of the Advance there have been four deaths from smallpox at the Brownstown Hospital, viz: a daughter of Wm. Hurley, aged about four years; Wm. Sullivan, aged about 60 years; a lady whose parents are named Steele, but who has been married and whose name our reporter did not learn; and Grant Dickerson, colored, whose death occurred yesterday. * * * Two new cases of smallpox have been reported since our last issue. A two-year-old daughter of Mr. and Mrs. Joshua Workman, who were living in the Mrs. Napier residence, on Main street, and a man named Salmon, of Kentucky, who was visiting relatives at the Virginia House. The last named case was evidently contracted away from this place, as the man had only been here a few days. Both were taken to the Hospital, the first named accompanied by her father.—Ceruleo Advance.

At a meeting of the American Christian Missionary Society Convention at Detroit last week R. U. Simpson, of Lexington, Ky., one of a number of students in Kentucky University who spent the summer in evangelist work in Kentucky mountains, made a strong plea for this mountain work. He declares that great injustice had been done

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength. Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

Send for free sample. Scott & Bower, Chemists, 90 West 1st, New York. Sold at 25c. all druggists.

the Kentucky mountaineers by popular writers, and said: "It would be just as fair to take a low-browed thief or crook from one of your back alleys and present him as a representative of your citizenship as to hold the moon-shiners up as a typical Kentucky mountaineer."

We are informed that the late Marvin Mayo carried \$8,000 in life insurance. The policies are made payable to his sister, Miss Fannie Mayo of this city.—Paintsville Herald.

Rev. J. M. Hicks, the newly appointed Pastor of the M. E. Church South, for the Eden circuit, occupied his pulpit at this place Saturday and Sunday.—Martin County News.

It is stated upon what appears to be the best of authority that the Norfolk & Western railway company will take immediate steps to secure possession of a number of building lots in Williamson and erect a block capable of accommodating from sixty to seventy-five families.—Mingo Democrat.

The town of Springville, Greenup County, is overrun with a gang of burglars. In one night no less than six burglaries were reported. It is thought the gang landed there on a freight train and are hiding during the day. An organized effort is being made to intercept them. The order known as the Mules has sent several men into the town to assist in capturing them.

Huntington, W. Va., Oct. 23.—David Franco, Thomas Franco and Sylvia Bryant were arrested in Pikeville, Ky., yesterday, charged with having dynamited the home of Charley Taylor in Mingo county three weeks ago in which explosion the wife and two children were very seriously injured. They have all been placed in the Williamson jail and will be given a preliminary hearing next week.

The following appointments have been made by the West Virginia Methodist Conference: Asbury Mick, Presiding Elder, Central City—A. D. Craig. Ceredo—J. W. Johnson. Dingess—Supplied by W. H. Hicks.

Wayne—Supplied by G. R. Richardson. Winfrede—D. H. Rutter.

The Northern Coal and Coke Company, which has acquired over 350,000 acres of choice coking coal lands in Eastern Kentucky, held its annual meeting at the Grand yesterday and elected the following officers: President, P. H. Kimberly, of Chicago; Vice President, former United States Senator J. N. Camden, of Parkersburg, W. Va.; Secretary and Treasurer, F. A. Bailey, of Chicago; Directors, P. H. Kimberly, J. N. Camden, George S. Couch, of Charleston, W. Va.; John G. Williams, Duluth; John C. Mayo, Paintsville, Ky.; and F. H. Buhl, Sharon, Penn. Provision was made for an increase of the capitalization of the company, which is now capitalized at \$2,500,000 cash paid in. This company has taken in all the land companies on the upper waters of the Big Sandy and Kentucky Rivers, and is said to be preparing to cross over into Virginia for the acquisition of coal lands.

Frankfort, Ky., Oct. 25.—For eight miles riot reigned on the Chesapeake and Ohio F. V. Limited tonight. Though great excitement was created and passengers in the day coach were thrown into a panic, no one was injured.

The train, which left Louisville at 6 o'clock this evening, reached Christiansburg on time, where a stop is made to permit the train from the East to pass. Here the train was boarded by fifteen or twenty tramps, who declared that they were going to ride to Lexington. The conductor and brakeman were outnumbered and could do nothing, but the conductor, William Ridgeway, ordered an emergency stop at Bagdad, eight miles east of Christiansburg.

Meantime, the tramps has set about taking the train, and the conductor, brakeman, mail clerk, baggage man, express messenger, Pullman, conductor and porter were trying to control them. At Bagdad the engineer and fireman came to the rescue with coal pick and shovel, and with the aid of some of the male passengers, the train crew fought the tramps off the train, and fought them off as they again sought to board it as the train moved on.

Inez, Ky., Oct. 23.—Because he refused him a drink of whiskey, Trumble Sparks, aged eighteen bartender for Capt. Huddleston, was shot through the head last night in his saloon, just above Warfield, by a negro whose name has not been ascertained. Friends

of Sparks formed a mob to deal out summary justice to the negro. By a circuitous route the negro it is said, escaped the mob, and went to Williamson W. Va., and asked protection from mob violence.

Do Good—It Pays.

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by A. M. Hughes.

It is not considered good form to ask the pork packer's wife to "render" sometimes on the piano; just ask her to get busy with the hives.

MILLIONAIRE'S POOR STOMACH.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse torture than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 2c; regular size, 7c.

Negroes in the vicinity of Kevil, Ballard county, are threatening the life of Crockett Childress, the boy wounded by Tom Hall, colored, who was lynched at Wickliffe. One hundred white men heavily armed guarded Childress Saturday night.

"I never knew until the other day," said Colonel L. C. Weldy, the noted editor of Galena, "that there is such a thing as a professional lover—a man who is engaged by reputable ladies to teach them the art of love making. I always had a desire to become a professor of some sort but could never determine what particular line I preferred. I know now, and if I were about 'teen years younger my shingle would go out at once. Just think of it! Professional lover—bugging done while you wait—kisses of every description always on tap—rapturous thrills furnished in quantities to suit—ecstatic bliss in every style—heart throbs by the score—yums yums to suit all yummers—office hours from 6 a. m. to 6 p. m. Why do all men groan now?"

The First National Bank of Allegheny, Pa., has closed its doors and the announcement was made by its officers that it would go into voluntary liquidation.

The discussion of the Alaskan boundary decision in the Canadian Parliament brought out several strong expressions of dissatisfaction with the result.

For a pleasant phytic take Chamberlain's Stomach and Liver Tablets. Easy to take. For sale by A. M. Hughes.

Thus far the Republicans have failed to substantiate their charges of illegal registration of Democratic voters in Louisville, and have sent out no notices to secure witnesses to prove their allegations.

Paine's Celery Compound

Cures

DYSPEPSIA, INDIGESTION, AND STOMACH TROUBLES.

The torments and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distention of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centered about the stomach; it opens up the sewers of the body and removes all waste matter; it cleanses the blood; it makes new nerve fibers; it restores digestive power, and promotes bodily strength and activity. Mr. Fred. Ross, of Clarendon, Iowa, briefly writes about his happy experience with Paine's Celery Compound as follows: "It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no more for medicine since. I was completely cured."

When a hat, a good dress, or other garment is a little faded and old in fashion it need not be thrown away. Color it with DIAMOND DYES.
